SEAN BEAVERS
COORDINATOR OF TECHNOLOGY INTEGRATION

Dear Students and Parents,

The West Morris Regional High School District Board of Education believes that access to information through such sources as the Internet and email has become, if used appropriately, an integral part of the educational program. In addition to access to the district's network, software, and services, all students will be issued a school email address to enable them to work from school and home seamlessly. We also allow students who agree to abide by the Student Use of Privately-Owned Technology and Privately-Owned Technology Guidelines and Rules to have access to our district's guest wireless network. Therefore, all West Morris Regional High School District students and parents must read, sign, and return the following policies and forms as listed below.

Please familiarize yourself with the following technology policies:

- **6142.10 Technology Responsible Use-Networked Services and Internet**
- **6142.11 Student Use of Privately-Owned Technology**
- **Privately-Owned Technology Guidelines and Rules**

Freshmen students and parents as part of the Personalized Learning Initiative must acknowledge these additional policies/guidebooks:

- **6142.14 Personalized Learning Devices**
- **Chromebook Guidebook**

I urge students and their parents to carefully review all policies and guidelines. While the decision for a student to bring their own device(s) to school is completely optional, students must agree to the Technology Responsible Use -Networked Services Policy to gain access to the district's network, devices, software, and services.

ALL students must complete and return:

1. Form Student Technology Responsible Use Agreement
2. Technology Signature Page and Parent Consent Form

FRESHMEN must also complete and return:

1. Form Personalized Learning Device Agreement
2. Chromebook Guidebook Signature Page

Please return all forms to the appropriate high school main office or mail to:

Attn: Mrs.Heel
259 Bartley Road

WMMHS
