

Debra F. Taylor
Administrative Assistant
1971 - 2012

Debbie's dedicated and inspiring service to West Morris Central was truly legendary. She served tirelessly in nearly every department of the school from Guidance, the Adult School, and the Child Study Team, to the Assistant Principal's office, and finally the Principal's office, where her editorial expertise, organizational genius and wise counsel were instrumental in the implementation of the many innovations of the Reilly/Moscatello years. Although Debbie prided herself on her vast secretarial skills, she will be most remembered for the kindness of her heart. Often abounding with laughter, her office served as a welcome respite through the grueling school day, a place where one could come to share challenges and joys.

Debbie was well respected and loved by all.
