

James Nordstrom

1980 - 2005

**Supervisor of Physical Education
Director of Athletics and Activities
Head Girl's Soccer Coach**

Mr. Nordstrom always believed that extracurricular activities were an integral part of a student's education. To that end he always encouraged students to "be involved" while at WMC. Under Jim's leadership and with the help of committed teachers and coaches, many new activities were introduced to the students of WMC, including Volleyball, Ice Hockey, and Fencing. His Girl's Soccer teams won several Sectional Championships, and in 1994 were Co-State Champions. Jim always had a passion for education and athletics and left an enduring legacy to West Morris Central High School.
